

# Statistical Help

## Statistics giving you a headache?

Everyone should consult a statistician at the research planning stage.

## Why?

Sample size, appropriate statistical design and analysis are essential considerations if your research is to produce meaningful conclusions that are valid and reliable.

## RNOH Statistical Consultancy Service

The goal of the RNOH R&D Statistical Consulting Service is to help RNOH faculty, staff and graduate students perform first class research. We provide advice and support to enable you to develop and/or extend your statistical computing skills, helping you to independently use common statistical packages for the analysis of research data.

## We offer these resources to help you:

- One-to-one [Statistical Consultancy Appointments](#)
- Online [Statistical Advice and Checklist](#) A word from the RNOH Statistical Consultants
- Online [SPSS Workshops](#)
