

Jubilee Rehabilitation Centre

About the ward: The Jubilee Rehabilitation Centre is a 22 bedded unit specialising in pain management programmes, hypermobility syndrome, chronic regional pain syndrome, shoulder and peripheral nerve rehabilitation. The programme runs using cognitive behavioural therapy and involves the members of the multi-disciplinary team. Our aim is to provide a safe and clean environment to maintain your privacy and dignity.

We hope you will not hesitate to ask for any further information and advice you may require about any aspect of your care on the unit.
