The Stanmore Orthopaedic Series

1st Stanmore Musculoskeletal Oncology Course

9 – 10 February 2015

Royal National Orthopaedic Hospital NHS Trust
The London Sarcoma Service is one of the largest institutions in Europe treating patients with bone and soft tissue tumours. A multidisciplinary approach is taken from diagnosis through to definitive treatment.

All methods of limb salvage surgery are employed including bone transport, massive endoprosthesis and custom implants, including the non-invasive growing endoprosthesis pioneered at the Royal National Orthopaedic Hospital.

The first course in MSK Oncology will distil the expertise of the service to provide a concise overview of the diagnosis and management of bone and soft tissue cancers.

The course is aimed at
- T&O SpRs preparing for the FRCS
- Orthopaedic SAS grades and SpRs with an interest in the field
- Consultants who have bone and soft tissue sarcoma patients on their case load

The two-day programme will include:
- benign bone lesions and their management
- Management of pathological fractures in children and adults
- Modern management of metastatic bone disease
- Current management of primary bone sarcomas (osteosarcoma, Ewings, chondrosarcoma)
- How to investigate and treat the soft tissue mass: image, excise or refer?
- Imaging: which tests for which patients?
- Diagnostic Advances in tumour pathology

There will be case discussions throughout the course including a mock MDT meeting led by the faculty.

The course will be held at the RNOH Stanmore site and will run from 08:00 until 18:00. There will be a course dinner on the first evening.
The Course Director has assembled an expert faculty for this course who will include:

- Mr Rob Ashford, Consultant Orthopaedic Surgeon (Leicester Royal Infirmary)
- Mr Will Aston, Consultant Orthopaedic Surgeon (RNOH)
- Professor Tim Briggs, Consultant Orthopaedic Surgeon (RNOH)
- Dr Fabrice Fiorenza, Consultant Orthopaedic Surgeon (CHU Limoges, France)
- Professor Adrienne Flanagan, Consultant Pathologist (RNOH)
- Mr Craig Gerrand, Consultant Orthopaedic Surgeon (Freeman Hospital)
- Mr Jonathan Gregory, Consultant Orthopaedic Surgeon (Manchester Royal Infirmary)
- Mr Addie Grobbelaar, Consultant Plastic Surgeon (Royal Free Hospital & RNOH)
- Mr Lee Jeys, Consultant Orthopaedic Surgeon (Royal Orthopaedic Hospital)
- Mr Alex Loh (Barnet Hospital & RNOH)
- Dr Paul O’Donnell, Consultant Radiologist (RNOH)
- Mr Sam Patton, Consultant Orthopaedic Surgeon (New Royal Infirmary, Edinburgh)
- Dr Michiel van de Sande, Consultant Orthopaedic Surgeon (LUMC, Netherlands)
- Dr Beatrice Seddon, Consultant Oncologist (UCLH)
- Mr John Skinner, Consultant Orthopaedic Surgeon (RNOH)

Course Director

Mr Rob Pollock MBBS BSc FRCS

Mr Pollock is a consultant orthopaedic surgeon and Clinical Lead of the Sarcoma Service at the RNOH. He has a special interest in complex limb salvage surgery. He is secretary of the British Orthopaedic Oncology Society and a member of the European Musculoskeletal-Skeletal Oncology Society and International Society of Limb Salvage.
**Venue**
The course will be held in the Seddon Teaching Centre at the RNOH Stanmore site.

**Fee**
The course fee is £350. This is inclusive of all course materials, lunch and refreshments. Attendance at the course dinner is an additional £25.

Please note, trainees who are working at the RNOH at the time of the course are eligible for a 20% discount.

**Registration**
To register for the course please go to [www.rnoh.nhs.uk/health-professionals/courses-conferences](http://www.rnoh.nhs.uk/health-professionals/courses-conferences)

For further enquiries please contact the Teaching Centre Team at Stanmore on 020 8909 5326 or at courses@rnoh.nhs.uk
